Release of Liability and User Indemnity Agreement

I hereby acknowledge that I have voluntarily agreed to participate in the sport of backpacking, mountain climbing, mountaineering, camping as well as service projects in downtown Denver, and interaction with friends of Dry Bones and others of downtown Denver while working with Elevations.

I understand that the above activities, and all other hazards and exposures connected with the activities conducted in the outdoors and in Denver, do involve risk and I am cognizant of the risks and dangers inherent with the activities. I am fully capable of participating in the activities contracted for and willingly assume the risk of manmade or natural obstacles, whether they are obvious or not.

I understand and agree that any bodily injury, death, or loss of personal property and expenses thereof, as a result of my negligence in any scheduled or unscheduled activities associated with Elevations, are my responsibilities.

I understand that accidents or illness can occur in remote places without medical facilities, physicians, or surgeons. I am also aware that I may be exposed to temperature extremes or inclement weather. I further agree and understand that any route or activity chosen as a part of the Elevations activities may not be of minimum risk, but may have been chosen for its interest and challenge.

I agree to defend, indemnify, and hold harmless Dry Bones Denver, the United States Forest Service, Colorado Parks and Recreation Department, and any and all state or affiliated organizations, agents, or employees for any injury or death caused by or resulting from my participation in the activities associated with Elevations, both scheduled and unscheduled, whether or not such injury or death was caused by their negligence or from any other cause. I have carefully read the agreement and understand its contents. By the signature below, I certify this is a release of liability.

Adult Agreement/Parent's or Guardian Agreement

I understand the nature of the Elevations experience having the physical demands of hiking over rough terrain, backpacking personal, as well as, crew gear, and voluntarily climbing mountains possibly up to 14,000 feet in elevation. Having the assurance of (my/my child's) good health through a current physical examination by a medical doctor, I hereby give consent for (myself/my child) to participate in the outdoor/inner-city mission program sponsored by Elevations. I have included in this form all necessary medical information about (myself/my child) that should be known by the leadership of the program. I assure (my/my child's) cooperation and assume responsibility for (my/my child's) actions.

I understand that I am responsible for any medical expenses incurred in the event of needed medical attention for (myself/my child). I further agree that I will be financially responsible to repair or replace all items lost, abused or neglected by my child or myself.

In the event of an emergency, I authorize my consent to any X-ray examination, medical, dental, or surgical diagnosis, treatment, and/or hospital care advised and supervised by a physician, surgeon, or dentist licensed to practice. I understand that the designated next of kin will be contacted as soon as possible.

I have examined the information given by (myself/my child). By the signature below, I certify that it is true and correct.

Should this form and/or any wording be altered, it will not be accepted and the participant will not be allowed to participate in Elevations.
